IJA 2 Gait Dressage Test "B"

The IJA 2 Gait Dressage Tests are designed to measure the very basic preparation for progression in the discipline of dressage. The movements are intended to demonstrate correct performance of groups of elementary skills.

The collective marks do not address the quality or correctness of the intermediate saddle gait which may be executed differently from horse to horse. Marks for quality of gait include the walk as these gaits are common to all horses and therefore quantifiable.

ARENA: SMALL (20M X 40M)

TIME AVERAGE: 3:30

MAXIMUM POSSIBLE POINTS: 190

GUIDELINES:

1. The test is intended for horses and riders new to the sport of dressage.
2. Transitions to the intermediate gait to and from the halt and working walk may be preceded by a few steps of the walk.
3. Light and steady contact is required. Emphasis is placed on the quality and correctness of movements with less emphasis on exact execution of movements at the letters.

Note: the letter G, X and D are not marked in the actual arena, but are shown here to provide a visual reminder of their placement.

Name of Competition

Date of Competition

Name and Number of Horse

Name of Rider

Final Score

Points	Percent
